

Accessibility

Digital Accessibility, Simplified

Monsido's Accessibility Module gives you an immediate overview of your site's compliance levels, saving you time and effort by removing the guesswork and letting you know where to focus your efforts in order to meet with current standards (WCAG 2.1, ADA Section 508).

Select the compliance level (WCAG A, AA, and AAA) that applies to your organization and see your website improve with every issue you fix. Work your way up to higher levels of compliance to build a website which delivers a great user experience while serving as a role model for other organizations in your industry.

Key Features

Accessibility Fast Track®

A time-saving tool that instantly locates elements such as links, images, and text and addresses accessibility issues in bulk at the touch of a button.

PDF accessibility

Scans PDFs for accessibility errors and provides remediation services, powered by CommonLook, the best PDF remediation software on the market.

Mobile Accessibility

Monsido scans for mobile accessibility and enables you to deliver a superior and inclusive mobile experience to all of your website's visitors.

Built-in Help Center

Get detailed information about compliance issues, instructions for remediation, and examples of code that will pass or fail.

PageCorrect™

Fix quality assurance and accessibility errors directly via the Monsido platform without having to log in to your CMS.

Accessibility Filter by Role

Effectively manage and fix all accessibility checks, assigned for any role in your digital team.

Monsido has offices in the United States, Australia, and Denmark. For more information, visit www.monsido.com

Accessible Content To Meet Everyone's Needs

15% of the world's population has some type of disability, and with Monsido's accessibility solution, you're able to ensure your content adheres to WCAG compliance standards to meet the needs of every user.

Automated Audits and Targeted Corrections

Monsido automatically scans your site to find any possible issues that may hinder accessibility, giving you an overview of how your website is doing, as well as recommendations on how to address them.

Stay Up-to-Date With The Latest Legislation

Keeping track of accessibility standards can be very time-consuming, but Monsido makes it easy, helping you abide by legal requirements, such as ADA compliance, to avoid liability and better serve your audience.

Check Your Compliance History

Monsido's comprehensive History Center makes it easy to track your accessibility progress. Verify your accessibility efforts with clear documentation of how your compliance has improved over time
